Past Papers for Mids./Finals are also Available

1. Which of the following is not a stage of the Software Test Metrics Lifecycle?

- A) Design Stage
- B) Evaluation Stage
- C) Analysis Stage
- D) Reporting Stage
- Correct Option: D) Reporting Stage

2. _____ metric gives the percentage of manual test cases automated.

- A) Automation Scripting Productivity
- B) Automation Coverage
- C) Test Efficiency
- D) Automation Test Execution Productivity
- Correct Option: D) Automation Test Execution Productivity

3. _____ subjects a system under a calculated load to see performance degradation.

- A) Usability Testing
- B) Interface Testing
- C) Load Testing
- D) Performance Testing
- Correct Option: C) Load Testing

4. Help should be provided for the users to understand the application/website, depicts the _____.

- A) User Friendliness
- B) Efficiency
- C) Effectiveness
- D) Accuracy
- Correct Option: A) User Friendliness

- B) Flaws testing
- C) Usability testing
- D) Scripting testing
- Correct Option: C) Usability testing

6. In _____ the Web application is thoroughly tested to ensure data reliability.

- A) Database Testing
- B) Performance Testing
- C) Interface Testing
- D) Usability Testing
- Correct Option: A) Database Testing

7. OWASP ZAP is an open-source web application security _____.

- A) Mouse
- B) Scanner
- C) Printer
- D) Hard disk
- Correct Option: B) Scanner

8. Software Test Metrics help us gather information regarding_____.

- A) Total defects found
- B) Critical defects
- C) All of the mentioned
- D) Defects deferred
- Correct Option: C) All of the mentioned

9. In exploratory testing, average domain knowledge of the tester can provide _____.

- A) Less rated testing results
- B) No testing results
- C) Average testing results
- D) Excellent testing results
- Correct Option: D) Excellent testing results

10. No broken links should be present, depicts the _____.

- C) User Friendliness
- D) Efficiency
- Correct Option: B) Accuracy

1. Now a day's majority of the web applications run on the _____.

Options:

- a) Client server architecture
- b) Desktop systems
- c) Cloud
- d) Windows systems

Correct Option: c) Cloud

2. _____ is the process of exercising the system under test by feeding it the largest tasks it can operate with.

Options:

- a) Load Testing
- b) Interface Testing
- c) Usability Testing
- d) Performance Testing

Correct Option: d) Performance Testing

3. _____ metric helps determine the number of valid defects that the testing team identified during execution.

Options:

- a) All of the mentioned
- b) Defect Acceptance
- c) Bad Fix Defect
- d) Defect Rejection

Correct Option: b) Defect Acceptance

4. No broken links should be present, depicts the _____.

Options:

- a) User Friendliness
- b) Efficiency
- c) Effectiveness
- d) Accuracy

5. Which of the following factors is not related to Performance testing?

Options:

- a) Security
- b) Tuning
- c) Response Time
- d) Throughput

Correct Option: a) Security

6. _____ is a technique used in user-centered interaction design to evaluate a product by testing it on users.

Options:

- a) Scripting testing
- b) Usability testing
- c) Flaws testing
- d) Exploratory testing

Correct Option: b) Usability testing

7. _____ gives classification with respect to the number of tests conducted along with the status (Pass/Fail) for various types of performance testing.

Options:

- a) Performance Execution Summary
- b) Test Efficiency
- c) Test Execution Summary
- d) Test Case Productivity

Correct Option: c) Test Execution Summary

8. _____ subjects the system under a calculated load to see performance degradation.

Options:

- a) Usability Testing
- b) Load Testing
- c) Interface Testing
- d) Performance Testing

Correct Option: b) Load Testing

9. Enables a proactive security approach is a/an _____ of penetration testing.

Options:

c) Benefit

d) Nothing to do with penetration testing

Correct Option: c) Benefit

10. In the test execution phase, we have run the test execution, gather and compile the test results as well as checked for needed additional testing.

Options:

a) True

b) False

Correct Option: b) False

  **Paid Vu Lms Handling**  

 **1 GDB= Rs 100**

 **1 Quiz= Rs 200**

 **1 Assignment=Rs 250**

 **Agr complete handling krwatey hain 1 subject ki with all activities= Rs 500 (Half Semester)** 

LECTURES Play Service Available In Very Low Price. 

  **80-100% Marks Guaranteed**  

 **Miss Mehwish:03184148783**
